User Guide:

Once everything is set

If you don't have an account you can set one up by clicking sign-up.

A sign-in form with a white background and rounded corners. At the top, the text "Sign In" is centered. Below it are two input fields: "Username" and "Password". A green "Log in" button is positioned below the password field. Underneath the button is the word "Or". Below "Or" is a red "Log in with Google" button. At the bottom right of the form is a link that says "Forgot Password?".

Don't have an account? [Sign Up](#)

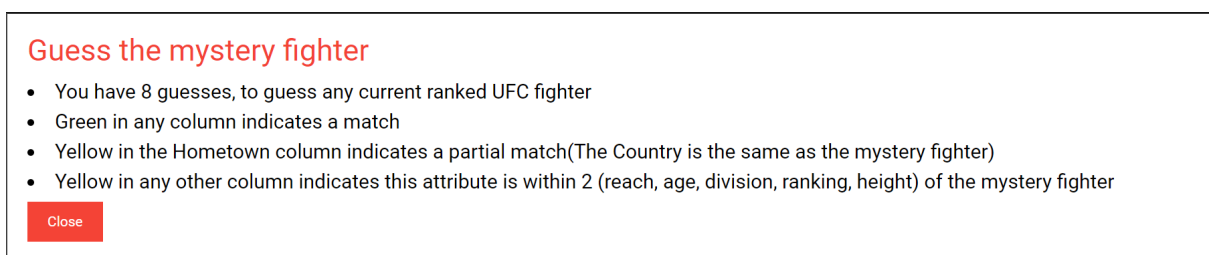

Here you can create an account using your email address and choosing a password or you can continue with google and sign up that way. Once you sign up you will be sent a verification email and all you have to do is follow the link. Once you've clicked the link you can go back to the sign in page and sign into your account. Once you've signed in you want to go to the home page.

From here you can choose to play the daily game mode or the unlimited game mode.

If you are unfamiliar with the game you can click the “How to Play” button at the top of the screen which will describe how to play the game.

Once you choose a game mode you will be brought to the game page where you will see the start game button.
